Dear Mr de Tolly

RE: CAPE TOWN STATION

I have occasionally referred to the role of the 'Package of Plans' in the structuring of our cities. Perhaps more importantly it is the first document which has enabled clients and their 'planners' to communicate on both a theoretical and 'practical' level as they generally see it. As a practice we have found increasing support for the document.

Thanking you for your contribution.

Yours faithfully

A handwritten signature in black ink that reads "Mike". The letter "i" has a small loop above it, and the "e" has a long, sweeping tail.
